Agencies Involved: Local Fire Department

Updates

Date: 11/18/2014 **Status:** Reviewed - Assigned to NDDoH Division

Author: Roberts, Kris

Updated Volume:

Notes:

Unknown vehicle tank leak. Relative volume of fuel reaching storm sewer estimated by Fargo Fire Department. Request for incident followup has been referred to the Fargo field office (Waste Management and Water Quality).

Date: 11/21/2014 **Status:** Reviewed - No Action Required

Author: Roob, Christine

Updated Volume: 4.00 gallons

Notes:

On November 19, Mike Hargiss and I visited the site. The spill occurred in the northeast corner of the Home Depot parking lot. There were no odors, and some material was still at the site. The spilled material appeared to be motor oil, not diesel, and it appeared that only 2-4 gallons of material were spilled. Some did make it into the storm drain, but we were unable to determine the actual amount. The Floor Dry has been picked up by Home Depot and disposed of in the trash.
